The main i took up this project is to gain knowledge and improve my creativity

Staring a new company can be exciting but also requires careful planning

Student get a knowledge that how a company works and what are the needs for it

Get to know how a business world runs

Staring a new company makes face many new challenges which will teach us meaningful lessons

It also requires keen observation to adopt to moving day-to-day market conditions

It boost up the talent of youngsters

It is easy
to build up
the leadership
quality when
they lead

Kavya Ganesh

The techniques gained from this project would become a key to success to run a platform

I can able to enhance my skills and knowledge in business perspective

Startup
company
paves the way
for strong
economy

The study of

startup analysis

will help me to

address a

difficulties and

challenges.

A STARTUP ANALYSIS Hemadharshitha

It will help in increasing the job opportunity

Some are thinking the job as difficult to do but this project help us to know about the whole role of job

Knowing overall idea of running the company make us interest to run company by ourselves

It will help me to sustain as an independent entrepreneur
